

P&G
Professional™

Welcome to the Flash Professional Cleaning System

We are delighted that you have selected to work with **a trusted, simple and effective Cleaning Solution by P&G Professional**. This system is brought to you with the power of Flash Professional and Febreze Professional.

The **Flash Professional Cleaning System** will bring true **Speed Cleaning Power** to your establishment, to help boost productivity.

- ✓ Create impeccable results guest notice
- ✓ Free up staff time to do more
- ✓ Great return on your cleaning investment

Included in this Welcome Pack are materials that will help you and your team get the maximum value from the Flash Professional Cleaning System

1. Equipment on Loan Agreement

2. Training Materials

- Instruction Manual
- Wall Chart 'Equipment User Guide'
- Wall Chart 'Product User Guide'
- Staff Training Certificates

3. Product Information

- Product Information Sheets (PIS)
- Material Safety Data Sheets (MSDS)

Tips:

We recommend that you place the wall charts near the dispensing equipment so they are visible to your staff.

Should you require additional copies of MSDS or any other materials in this pack call the P&G Professional Helpline or download MSDS instantly at www.pgpro.co.uk/msds.

Our dedicated service team is available to support you and will be in touch to ensure that the system is performing to your requirements.

Please let us know if you have any questions, comments or if you need any assistance! You can contact the **P&G Professional Helpline free of charge** at
